MEETS DEATH IN A SALOON

Body of an Unknown Man Found in a Back Room of the Elk Resort.

Canal Directors Elected—School Board Election—Child's Narrow Escape from Death—M. I. A. Conference.

Saturday evening an unknown man was found dead in one of the rear rooms in the Elk saloon on lower Twenty-fifth street, by the proprietor, Mr. Emil Boulanger. Immediately upon finding the man's body Detective Pender was sent for and he summoned Dr. Gordon who examined the body and pronounced him dead. Justice Hall was sent for and Chief of Police Conkling, who examined the man and searched his pockets. There was found in his pockets \$13.20 and a number of cards, bearing the name of Dr. O'Brien, eye and ear specialist, Salt Lake City.

There was also the following letter, "Smithfield, Utah, Oct. 24, 1900, Mr. Dineen—Dear Sir:—Please send my watch to Logan, Cache county, Utah, and oblige.

Yours respectfully,
"THOMAS O'BRIEN."

"P. S.—I will send you the money by post office order."

This was the only means of identification found on the dead man's body except on his white shirt and underclothes was found the laundry mark, "B. Adams & Co.," and a card from Logan to the Troy Steam Laundry, Ogden. The man was well dressed, wearing a brown overcoat, dark brown coat and vest, striped pants, black hat, and white shirt, white collar and red bow tie. He is a man about 35 years of age, dark hair, long sandy mustache, blue eyes, medium complexion, 5 feet 7 inches in height, would weigh about 160 pounds, and is a Hamilton brown congress shoe. The remains were taken in charge by Larkin & Son, and are now at their morgue awaiting identification.

An inquest was held yesterday morning in the Larkin & Son's morgue, before Justice Joseph Hall, and the following jury, William Connell, Alfred Foulker and Robert Shaw. The following witnesses were examined, the proprietor of the Elk saloon, Mr. Boulanger, the bar tender, H. L. Willist and saloon porter Blomquist, also Drs. Condon and Gordon, Chief of Police Conkling and Detective Pender, but their testimony threw no light upon who the dead man is, but that he has been around Ogden during the past week drinking heavily. The coroner's jury brought in a verdict that the man came to his death by acute alcoholism.

Court Notes—Francis With Tramps—Funeral of Isaac Sutton.

Special Correspondence.
Provo, Utah, Co., Nov. 18.—The Y. M. M. I. A. conference held yesterday in the tabernacle was attended by large congregations, considering the unpleasant weather. The meetings were presided over by State President, J. T. Dixon. In addition to President Dixon and his counselors and aids there were present the following visiting Elders: B. F. Grant, E. H. Anderson, B. S. Hinkley and John M. Mills, who addressed the conference. Apostle Smith attended the evening session and was one of the speakers. He urged that a united effort be made against the seemingly growing evil of hoodlums. The speakers generally pointed out the importance of mutual improvement work and encouraged all members of the association to labor with those who show a lack of interest in the principles of the Gospel.

PROBATE ORDERS.

Thomas B. Cutler has petitioned for admission to probate of the will of Joseph X. Thomas, deceased, of Lehi, and for appointment as executor. Hearing of the petition has been set for December 3rd.

ANSWER IN A PECULIAR SUIT.

Defendants have filed an answer in the case of Thomas B. Cutler vs. Utah county, county commissioners, Jos. T. McEwan, A. M. Davis and Wm. B. Hughes, and County Attorney Jacob Evans, in which plaintiff sues for \$6,000 damages alleged to have been sustained

by reason of defendants destroying a spring located by plaintiff on the mountain east of the county infirmary. The cause is to the effect that the county commenced a tunnel in December, 1899, on a mining claim owned by Jonathan Meacham, for the purpose of obtaining a water supply for the county infirmary. That upon the commencement of work by defendant on this tunnel plaintiff commenced the construction of a new tunnel near the tunnel of defendant, and that the water flowing into this tunnel caused the earth to give away and the water to escape from plaintiff's tunnel into defendant's tunnel. That defendant offered plaintiff to connect the water with his pipe and restore to him such a quantity of water as he had previously to the accident, and that they are now willing to restore such quantity of water to him, but that he has refused this offer. That by reason of the refusal of plaintiff to accept the offer of defendant, and forbidding defendant to restore the water to him the plaintiff is estopped from claiming any damages by reason of said accident.

A SUCCESSFUL OPERATION.

Elihuore Sorenson, the unfortunate girl whose case was mentioned in Saturday's "News" had a second amputation of both legs performed Saturday afternoon, and passed through the ordeal better than was expected, and the doctors think she may recover.

FOUR TRAMPS ARRESTED.

Sheriff Storrs and Deputy Sheriff Henry returned yesterday from Castle Gate with four tramps, who gave the names of Sam Howard, George Howard, J. H. Watson and Tom Hunter. They are charged with taking about \$75 worth of jewelry and other merchandise from the trunk of J. D. Brown, traveling salesman, who was taken to the jail at Junction Friday night, and will have a hearing before Justice King today. The prisoners are a very tough lot, and were very dirty and ragged before jail. On being committed to jail they took a bath and furnished them some clean clothing. They were drunk when arrested, and two men from Castle Gate, Constable Wilcox and a Mr. Dahle, who assisted Sheriff Storrs in making the arrest, were struck with clubs by the tramps and slightly injured. After the arrest the prisoners were placed in a box car for safe keeping, and Sheriff Storrs acted on his natural kindly feelings and took them to the jail where they sleep on. They set fire to the car and were nearly suffocated before the car could be opened. Considerable excitement was raised in the city before the sheriff took them to the jail, and he had been shot in the encounter with the robbers, but fortunately the rumor was without foundation.

FUNERAL OF ISAAC SUTTON.

The funeral of Elder Isaac Sutton, held yesterday, was largely attended by relatives and friends of the deceased. Bishop J. B. Keeler and Apostle Smoot were the speakers. Thomas Sullivan Killed in the Golden Gate Mill.

Special Correspondence.
Mercur, Nov. 18.—Thomas Sullivan, an employee of the Golden Gate mill, was killed by a falling beam in the mill. He had gone with Lewis Ward, another employee, to replace some electric lamps in the upper part

of the building. Sullivan stepped from the platform to a narrow iron beam and in some way lost his balance, falling to the floor a distance of forty-seven feet. When picked up he was unconscious, and was taken to Dr. Castelman's office. An examination showed Sullivan's back was broken, and he also sustained other serious injuries. He died at 11 o'clock, about two and a half hours after the accident. A coroner's inquest was held this afternoon and a verdict rendered in accordance with the above facts. No one was blamed for the accident. Sullivan was about 35 years old, and little is known of him here, as he has only been in the camp about two weeks. He is a sailor in the British and American navies, and is said to have two brothers working on the New York Central railway. Efforts are being made to apprise relatives of the unfortunate man.
